Happiness is purple feet.....

Come out to Windy Winery & enjoy creating happy memories with your family, friends, or co-workers. Start with a walk out to the vineyard, pick grapes, then come back to the shade of our porch and pour some grapes in the barrel, step in, squeeze & squish to music which makes all the stress in your life fade away. As an added memento step out with your purple feet on to your keepsake t-shirt. This is a child friendly event! Wine tastings and bottles of wine available for purchase.

Sunset Sangria

Sangria dates back to the medieval times. Back then people would add fruits, berries and spices to sangria to make a different and unique flavor.

So enjoy this delicious Sunset Sangria while sitting on the back porch watching the sunset with your family and friends.

Cheers!
